

# Leave

Neon Trees

Promise  
No fits  
You can walk right out the door  
Take what's yours now  
I'll throw my shit in the fire

No one anticipated happy endings  
There's no room for fakery  
Give me commotion be emotional now  
Make a messy memory

Leave like you mean it  
Say that you won't, then I will  
Leave like you mean it  
Burn down the house that we built  
Let's make the end of our time  
Like the 4th of July  
Fuck all our achievements  
Leave like you mean it

New tryst, knife twist  
Come now go and raise the stakes  
Thrill me, kill me  
Break my heart for goodness sake

No one anticipated happy endings  
There's no room for chasing dreams  
Give me commotion be emotional  
Make a believer out of me

Leave like you mean it  
Say that you won't, then I will  
Leave like you mean it  
Burn down the house that we built  
Let's make the end of our time  
Like the 4th of July  
Fuck all our achievements  
Leave like you mean it

Let's make the end of our time  
Like the 4th of July  
Fuck all our achievements  
Leave like you mean it

Leave like you mean it  
Leave like you mean it  
Like you mean, like you mean it
