Love And Affection

Neon Trees

```
C#m
Everybody's tellin' everybody off
          Asm
It's the last thing I wanna hear
C#m
You've been killing me for days and days it seems
        Asm
But the truth is the thing I fear
   C#m
I just don't understand
                Asm
Why my love isn't good enough
   C#m
I just don't understand
                Asm
Why my love isn't good enough for you
I want you to show me

E
Put yourself in my shoes
E
Put yourself in my shoes
E                 B
I don't know what you've been told
   A               B
The rich get rich, the poor Grow old
    E           B
When everybody's blood runs cold
   A                 B
It's time for something real Ah ah ah ah
