

# Our War

Neon Trees

**B Asm**

**B Asm E**

**Asm E**  
1. I've been walking 'round for hours  
**B F#**  
Holding onto stems of flowers  
**Asm**  
My chest is feeling  
**E**  
All your pain  
**B F#**  
As it began to rain  
**Asm E**  
And now the end has come to this  
**B F#**  
The little victories I'll miss  
**Asm E**  
Of everything we'd overcome  
**B F#**  
And all that's said and done

**B Gm**  
R: I'm leaving our war behind  
**E B E**  
Life can go on without you  
**B Gm**  
I'm leaving our war behind  
**E B E**  
The night that I leave town

2. The walls that you  
Helped me take down  
Are only getting taller now  
And I've even forgotten how  
To stand on my  
Two feet  
I wanna say 'I'm on my own'  
And happier to be alone  
But everything I do alone  
**Has**  
Every bit of you

R: I'm leaving our war behind...

\*: All my life  
**Asm B**  
It's always the same thing  
**E F#**  
All my life  
**Asm B**  
It's always the same thing  
**E F#**  
All my life  
**Asm B**  
It's always the same thing

**E**  
It's always the same  
**F#**  
It's always the same  
**Asm B**  
It's always the same thing
