

# Skeleton Boy

Neon Trees

I wish you'd circle back to my orbit  
You were good at navigating it  
I've been stuck with a habit I wish I could break  
You can see it all over my face  
You were the death of me  
You are a section of my history

Now I'm a skeleton boy  
I don't want my heart anymore  
Oh, I'm a skeleton boy  
Strip me down to the bone  
And then leave me alone  
Now I'm a skeleton boy  
A relic from a former love  
Oh, I'm a skeleton boy  
Strip me down to the bone  
I feel nothing at all

I wish I didn't say I felt some way, oh  
I'd take good weed over you any day  
We got stuck in our codependent dances  
Set to all my songs  
You are the death of us  
But so am I, I blame both of us, ah

Now I'm a skeleton boy  
I don't want my heart anymore  
Oh, I'm a skeleton boy  
Strip me down to the bone and then leave me alone  
Now I'm a skeleton boy  
A relic from a former love  
Oh, I'm a skeleton boy  
Strip me down to the bone, I feel nothing  
I feel nothing at all

S-s-s-skelton, s-s-s-skeleton boy, s-s-s-skeleton  
S-s-s-skelton, s-s-s-skeleton boy, s-s-s-skeleton boy

Now I'm a skeleton boy  
I don't want my heart anymore  
Oh, I'm a skeleton boy  
Strip me down to the bone  
And then leave me alone (Leave me alone)  
Now I'm a skeleton boy  
I'm a relic from a former love (Ah)  
Oh, I'm a skeleton boy  
Strip me down to the bone  
I feel nothing, I feel nothing at all

S-s-s-skelton, s-s-s-skeleton boy, s-s-s-skeleton  
And I feel nothing at all  
S-s-s-skeleton boy, s-s-s-skeleton boy
