

# FALLING 4 SOMEBODY

NERIAH

Can we agree to disagree?  
It's not bad timing  
Asking you honestly, "How'd you get this good at lying?"

Since loving you's not gonna work  
What if leaving makes it worse?  
If one of us is getting hurt  
I don't wanna be first

How'd you go from being somebody  
That loves me?  
To treating me so bad

I miss your hands down my body  
But trust me  
I'll never take you back

One small fight and you left so quick  
Two more, god, I'm over if falling for somebody  
Just somebody

Is it just me that thinks you act like you're two-sided?  
I bet your ex agrees there's no way she likes it

Since loving you's not gonna work  
What if leaving makes it worse?  
If one of us is getting hurt  
I don't wanna be first

How'd you go from being somebody  
That loves me  
To treating me so bad

I miss your hands down my body  
But trust me  
I'll never take you back

One small fight and you left so quick  
Two more, god, I'm over if falling for somebody  
Just somebody

Honestly, I think it's hurting me  
No longer good for me  
Keeping your lies from me  
Should probably  
Find someone good for me  
Will be a mystery  
Or maybe he's just

Somebody  
That should've loved me  
I hope he finds somebody  
Just somebody
