

Good Guys Don't Change

NERIAH

I don't wanna live till a hundred
Thinking you'll change
But I don't wanna die at 27
With things being the same

Ya I don't wanna hear another
If he wanted to he would
Cause that stupid phrase has never applied to you

Cause if you wanted to buy me flowers
Or spend more than an hour planning a date
Then you wouldn't make me take an Uber
While you're on your computer playing video games
And I know that you know
That we both fucking know that you'll stay the same
Cause I've learned that
Good guys don't change
