

Hard To Replace

NERIAH

I still remember
The way that you touched me
All bets were off
And I still wanted more

I miss when you
Couldn't take your hands off me
Opened the door
Threw my clothes on the floor

I think I should go now
Before we go way down out of bounds
I think I should leave you now
I'm grabbing my keys
I'm out this town

You're not hard to replace
Such a stupid mistake
Everyone's getting sick of me talking bout it

You're not hard to replace
You're not hard to erase
Going off on my mom I'm still sad about
The bar coming home it was past 2
We did shots on the floor of my bathroom

You're not hard to replace
You're just someone I hate

But that was my mistake
