

## Puppet On A String

NERIAH

Who was right  
You or I?  
Looking back I know  
I lied

I made you tiptoe the land mines  
Of your wrong and I'm right  
I acted like they weren't mine

Cause  
You're my  
Puppet on a string  
You just move the way I please  
Always tell me everything  
Be my  
Box of shiny things  
Cause I took you off the shelf  
Just to have you for myself

Scared last night  
Might of been goodbye  
I feel too much  
And you don't even cry

I made you tiptoe the land mines  
Of your wrong and I'm right  
I acted like they weren't mine

Cause  
You're my  
Puppet on a string  
You just move the way I please  
Always tell me everything  
Be my  
Box of shiny things  
Cause I took you off the shelf  
Just to have you for myself

You're my puppet on a string  
Be my box of shiny things
