

Do you need a mint
Cause the words you're saying must taste bad
Your names no longer pinned
I'm deleting pictures just like that

Don't care where the hell you've been
Cause it's probably 7-11 for everything
Beers and bags of chips
Covering the floor of parents car

I don't wanna be anything like you
So there's something's I'll never do

You say I got a
Resting bitch face
Have someone ready to take my place
Why are you making her wait
You should call her now
I'm on my way out

Don't really care what you say
You're the worst debt that I paid
All you ever did was complain
You can say bye
To my resting bitch face

Call me out of it
I knew you were mean but not like this
I'm done with all your shit
I said I'm fine but fine's a myth

Only thing you planned
Was the first date the first date
Only took my hand but you did it in the worst way
Tried to be a man
What a shame that you can't

You say I got a
Resting bitch face
Have someone ready to take my place
Why are you making her wait
You should call her now
I'm on my way out

Don't really care what you say
You're the worst debt that I paid
All you ever did was complain
You can say bye
To my resting bitch face
