

Spring Cleaning

NERIAH

You're like the stains in my apartment
That didn't bother me then
But it bothers me now
You're like the clothes in the back of my closet
That I haven't got around
To cleaning out quite yet

Oh
It was good while it lasted
Oh
You were beautifully tragic
Oh no
I know, you know
We got way too messy

So look at me spring cleaning
This time I'm taking out of the trash
Filling up the bag
You know I got my reasons
I'm out here trimming up the fat
Mowing down the grass
You can call it petty or call it mean
Either way's fine by me
Oh look at me spring cleaning
I'm bringing cutting season back

You're like the cups on my nightstand
I never put away, it's time I make the space
You're like the crumbs in the backseat
Of my brand new car
I wish they weren't there
But there they are

Oh
It was good while it lasted
Oh
You were beautifully tragic
Oh no, I know, you know
We got way too messy

So look at me spring cleaning
This time I'm taking out of the trash
Filling up the bag
You know I got my reasons
I'm out here trimming up the fat
Mowing down the grass
You can call it petty or call it mean
Either way's fine by me
Oh look at me spring cleaning
I'm bringing cutting season back

It's cutting season
It's cutting season
I'm spring cleaning
I'm spring cleaning, yeah
It's cutting season
It's cutting season

I'm spring cleaning

So look at me spring cleaning
This time I'm taking out the trash
Filling up the bag
You know I got my reasons
I'm out here trimming up the fat
Mowing down the grass
You can call it petty or call it mean
Either way's fine by me
Oh look at me spring cleaning
I'm bringing cutting season back
Cutting seasons back

It's cutting season
It's cutting season
I'm spring cleaning
I'm spring cleaning, yeah
It's cutting season
It's cutting season
I'm spring cleaning
