

You'll Be The Ex

NERIAH

Hey, ah, ah
I hope you're not telling me
All the things that I wanna hear
'Cause if you are it's working
Really well my dear
I hope you're not calling me beautiful
Like a new chandelier
That you will love at first
But then get a new one next year

I've been dreaming, wishing, thinking 'bout
All the things I'll say out loud to you
If you want me to
I'm communicating everything
Please don't ever change a thing if you asked me to
I couldn't stop loving you

Now that you've gotten to know me
Don't leave me empty and cold
Or you'll be the ex I'll try to forget
But can't get you out of my head
I know that we're not moving slowly
I don't need another to hold
So don't be the ex I'll try to forget
But can't get you out of my head

I'm [?] into all the things
That roll off your tongue
Your touch is my medicine I'm drowning in
Let's kiss 'til I'm numb

I've been dreaming, wishing, thinking 'bout
All the things I'll say out loud to you
If you want me to
I'm communicating everything
Please don't ever change a thing if you asked me to
I couldn't stop loving you

Now that you've gotten to know me
Don't leave me empty and cold
Or you'll be the ex I'll try to forget
But can't get you out of my head
I know that we're not moving slowly
I don't need another to hold
So don't be the ex I'll try to forget
But can't get you out of my head

Loving things about you
Scared 'cause know we're bound to be together
When scary turns forever
Locked in colored eyes that
I hope don't ruin my life
Sentimental
For the shape of your head

Now that you've gotten to know me
Don't leave me empty and cold

Or you'll be the ex I'll try to forget
But can't get out of my head
