

Fun

Nerina Pallot

Here, this moment is as good as moments get
Oh it's bliss doing nothing really
So let's get lost in the day
What do you say?
All that longing and that loneliness
All the heartache and the hopelessness
Let's kiss them away, make it okay

Let's have fun, let's have fun
We don't know what tomorrow's bringing
Or if it's even gonna come
Let's have fun, let's have fun
Ain't no point in worrying 'bout things
What's done is done

And it's so good lying here to watch the sun set on the neighborhood
In the distance music playing in the warm night air
Not a care...
It's been so hard keeping going
Keeping the faith never knowing
All these things we've gone through
Thank God I did it with you

Let's have fun, let's have fun
We don't know what tomorrow's bringing
Or if it's even gonna come
Let's have fun, let's have fun
Ain't no point in worrying 'bout things
What's done is done

Let's have fun, fun, fun, fun
Let's have fun, fun, fun, fun
Darling let's have fun, fun, fun, fun

Oh let's have fun, let's have fun
We don't know what tomorrow's bringing
Or if it's even gonna come
Let's have fun, let's have fun
Ain't no point in worrying 'bout things
What's done is done
Let's have fun
Darling, let's have fun
Let's have fun
