

Regrets

Nerina Pallot

I've got regrets, regrets
I've got regrets
I've got regrets, regrets
I've got regrets
I always played the fool, thought that life was funny
Now the joke's on me 'cause I've got no money
But I've got regrets
Yes, I do

I hitched my wagon to the wrong horse
I stayed the path, I shoulda changed course
Coulda been somebody, coulda made it good
Oh, maybe I still could
Oh Lord, I pray I could

But I've got regrets, regrets
I've got regrets
I've got regrets, regrets
I've got regrets
I always played the fool, thought that life was funny
Now the joke's on me 'cause I've got no money
But I've got regrets
Yes, I do

I'm always thinking 'bout tomorrow
Until then I gotta borrow
Keep my head 'bove water, keep this train on the track
Oh Lord, there's no going back
Mm-hmm, there's no going back

But I've got regrets, regrets
I've got regrets
I've got regrets, regrets
I've got regrets
I always played the fool, thought that life was funny
Now the joke's on me 'cause I've got no money
But I've got regrets
Yes, I do

There's not a man alive
Who don't question what he's done with his life
If you don't question what you've done with your life
Are you even alive?

I've got regrets, regrets
I've got regrets
I've got regrets, regrets
I've got regrets
I always played the foo, thought that life was funny
Now the joke's on me 'cause I've got no money
But I've got regrets
Yes, I do

I've got regrets
And so do you
