

Between II Worlds

Nero

Would you like to see what I saw?
Feel what I felt?
I'll take you there.
I travelled between two worlds.
Between here and there.
Between then and now.

Have you ever wondered what happens when you become light?
It happend to me.
I travelled between two worlds.
Between here and there.
Between then and now.

It was a dream, except
It wan't like a normal dream.
I was awake.
Would you like to see what I saw?
Feel what I felt?
I'll take you there.

Try not to think.
Just breath.
Try not to think.
Now close your eyes.

Now close your eyes.

Would you like to see what I saw?
Feel what I felt?
I'll take you there.

I travelled between two worlds.
Between here and there.
Between then and now.
