

Nowhere to Hide

Nero

I'll let this fall
Keep me right by your side
Cause' there's nowhere to hide with you

Oh, lift me higher
Cause there's no sun in the sky
There's no light breaking through

I'll let this fall
Keep me right by your side
Cause' there's nowhere to hide with you

Oh, lift me higher
Cause there's no sun in the sky
There's no light breaking through
