

Tonight

Nero

Ahh!

Tonight

I've got this in my life
I need this in my life
I think I'll go insane
I think I'll go insane

I've got this in my mind
I need this in my mind
I think I'll go insane
I'm lost

Ahh!

Tonight, we care
Tonight, we share
All the things we might regret
In the silence we forget
Tonight, we care
Tonight, we share
All the things we might regret
In the silence we forget

Tonight

I've got this in my life
I need this in my life
I think I'll go insane
I think I'll go insane

I've got this in my mind
I need this in my mind
I think I'll go insane
I'm lost
I think I'll go insane
I'm lost

Ahh!

Tonight, we care
Tonight, we share
All the things we might regret
In the silence we forget
Tonight, we care
Tonight, we share
All the things we might regret
In the silence we forget

We forget...

Tonight

Ahh!

Tonight, we care
Tonight, we share
All the things we might regret
In the silence we forget
Tonight, we care
Tonight, we share

All the things we might regret
In the silence we forget

Ahh!
