

You're the habit I've been waiting for  
You're the one I can't ignore  
Can you tell me what it means, it means?  
You're the habit I can't live without  
You're something I cry about  
But I like the way it feels

Now you're under my skin, under my skin, you're under my skin  
And I'm letting you in, letting you in, keep letting you in

You're the habit I've been waiting for  
You're the one I can't ignore  
I need you, I want you, I need you, I want you  
You're the habit I can't live without  
You're something I cry about  
I want you, I need you, I want you, I need you

I keep coming back  
You're my habit

You're the rush that keeps me up at night  
You're the high I cannot fight  
And you can tell me I'm insane, I'm insane  
You're the habit that I can't give up  
You're the one I'm thinking of  
And I can't walk away

Now you're under my skin, under my skin, you're under my skin  
And I'm letting you in, letting you in, keep letting you in

You're the habit I've been waiting for  
You're the one I can't ignore  
I need you, I want you, I need you, I want you  
You're the habit I can't live without  
You're something I cry about  
I want you, I need you, I want you, I need you

I keep coming back  
You're my habit

And I keep coming back for more  
And I keep coming back for more  
I keep coming back  
And I keep coming back for more  
And I keep coming back for more  
I want you, I need you, I want you, I need you

I keep coming back  
You're my habit
