

Hey Yesterday

NERVO

I'm thinking 'bout what used to be
I lose myself in memories, oh
When simple love came easily, oh

Now and then
I close my eyes and run away

Hey yesterday, I miss you
Hey yesterday, I need you

Hey yesterday, I miss you
Hey yesterday, I need you

Remember days of ocean skies
The waves of warm, Ibiza nights, oh
I lose myself in alibis, oh

Now and then
I close my eyes and run away

Hey yesterday, I miss you
Hey yesterday, I need you

Hey yesterday, I miss you
Hey yesterday, I need you
