NERVO

Waiting for the day gonna that you're waking up
Waiting for the day that you understand it's getting old now
Waiting for the day that you give it up
Waiting for the day that you turn around and just get over it

To the stars, to the moon
To the letting go (oh-h)
To the stars, to the moon
To the letting go (oh-h)

Look oh beyond some other wa-ay
On the horizon
Look oh beyond some other wa-ay
On the horizon

Waiting for the day til you let it be
Waitin for the moment you understand that it's not over
What a silly way silly way to live
Waiting for the day that you understand you need to get over it

To the stars, to the moon
To the letting go (oh-h)
To the stars, to the moon
To the letting go (oh-h)

Look oh beyond some other wa-ay
On the horizon
Look oh beyond some other wa-ay
On the horizon

Look oh beyond some other wa-ay
On the horizon
Look oh beyond some other wa-ay
On the horizon
On the horizon
