

# Like Air

**NERVO**

One more chance and it might just happen  
One last dance till the night is done  
Take my heart, 'cause it's wide open  
You know there's no storm that we can't outrun

They can't take this world away from us  
'Cause we're the fire that keeps on burning  
They'll turn, they'll turn and look to us  
Yeah, they will, yeah, they will

'Cause like air under the water  
You give me life, you pulling me under  
I don't wanna lose you ever again  
I can't breathe, but I don't wanna  
It feels so good, pulling me under  
And I don't wanna lose this ever again

Lights go down and the world is quiet  
All I see, all I see is you  
Stars come out and the night is silent  
You know we've come this far, now we can't undo

They can't take this world away from us  
'Cause we know where we wanna be  
They'll turn, they'll turn and look to us  
And they will and they will

'Cause like air under the water  
You give me life, you pulling me under  
I don't wanna lose you ever again  
I can't breathe, but I don't wanna  
It feels so good, pulling me under  
And I don't wanna lose this ever again

We'll make it (through) through, we'll make it  
We'll make it (through) through, we'll make it  
We'll make it (through) through, we'll make it  
It's me and (you) you, we'll make it

'Cause like air under the water  
You give me life, you pulling me under  
I don't wanna lose you ever again  
I can't breathe, but I don't wanna  
It feels so good, pulling me under  
And I don't wanna lose this ever again

We'll make it (through) through  
We'll make it (through) through  
We'll make it (through) through  
It's me and (you) you
