

Mexico, Puerto Rico, Argentina  
Everybody loco  
Espana, Sudamerica  
Are you with me?

Don't know what it is  
But I'm lovin' it  
And it's making me  
Making me go loco

What we're doing now  
Got me zooming out  
Everybody now,  
Everybody loco.

Lo-Lo-Lo-Lo

Are you luste buena?

Everybody Loco

Loco

It's the way you move  
And the things you do  
Baby look at you  
Making me go loco

Can't forget you now  
Gonna cool me down  
Wanna screamin' out  
Everybody loco.

Oh, there you go  
It's not the rule  
I didn't choose  
Pick me a phone

We're just in love  
That's all I took  
We're just in love  
You have me shot..

Lo-Lo-Lo-Lo

Making me go loco

Making me go loco

Oh there you go  
It's not the rule  
I didn't choose  
Pick me a phone

Making me go loco
