

# Unbreakable

NERVO

Got some things running through my mind  
Things that I wanna show that you ain't seen before  
It's half-past one, is it alright  
If I still get to know all of the ways you know?

Ain't gotta say no more, no more to make me believe  
A decision to run, never fade away  
I see nobody else, only you here with me  
'Cause you make me feel something I can't erase

It's irreplaceable  
The way you make  
My heart feel unbreakable  
It's irreplaceable

It's irreplaceable  
The way you make  
My heart feel unbreakable

This vital has got me in a mood  
There's no telling what we do if it's just me and you  
If you let me, I could show you I  
You should just stay the night  
You should just stay the night

Ain't gotta say no more, no more to make me believe  
A decision to run, never fade away  
I see nobody else, only you here with me  
'Cause you make me feel something I can't erase

It's irreplaceable  
The way you make  
My heart feel unbreakable  
It's irreplaceable

It's irreplaceable  
The way you make  
My heart feel unbreakable

My heart unbreakable  
'Cause I met you  
My heart unbreakable  
'Cause I met you  
My heart unbreakable  
'Cause I met you  
My heart unbreakable  
My heart unbreakable

Ain't gotta say no more, no more to make me believe  
A decision to run, never fade away  
I see nobody else, only you here with me  
'Cause you make me feel something I can't erase

It's irreplaceable  
The way you make  
My heart feel unbreakable  
It's irreplaceable

It's irreplaceable  
The way you make  
My heart feel unbreakable

My heart unbreakable  
'Cause I met you  
My heart unbreakable  
'Cause I met you  
My heart unbreakable  
'Cause I met you  
My heart unbreakable  
My heart unbreakable
