

Blood Eagle

Nervosa

Revenge is carnage
When you betray
Honor the ritual
The ancient legacy

Blade of the knife
Carving your back
The cruellest sentence

Salted flesh
The raven's nest
Defeated by torment

Blood eagle
This is my war
I take no prisoners

Blood eagle
There's no rival
Punishment

The craft of the axe
Crushing your bones
Execution

These pair of wings
Are my offering
For endless times
Sacred justice
Pain educates
Branding your brain
Like glowing iron

Derision
For treason
Disgraceful revenant

Blood eagle
This is my war
I take no prisoners

Blood eagle
There's no rival
Punishment

Revenge is carnage
When you betray
Honor the ritual
The ancient legacy

Blood eagle
This is my war
I take no prisoners

Blood eagle
There's no rival
Punishment

The ritual of swords
Crushing your bones
Blood eagle
