

# Failed System

Nervosa

No righteous way  
Corruption is the new way  
No honesty  
Slave of the system's wheel

The system corrupts  
Greed blinded good will  
No way out!

Hard worker  
The fuel for a system he gets  
Nothing from  
The powerful decide our fate!

A system with useless bureaucracy  
A system with abusive taxes and fees  
A system with low life quality  
A system with lies to cover the shit

Failed system!  
Failed system!

Failed system!  
Failed system!

The system corrupts  
Greed blinded good will  
No way out!

Hard worker  
The fuel for a system he gets  
Nothing from  
The powerful decide our fate!

A system with poor education patterns  
A system with dying in hospital aisles  
A system with crisis in all basic sectors  
A system with no hope for those who need help

Failed system!  
Failed system!

Failed system!  
Failed system!

The money talks louder than principles  
Ruined future  
The country is rotten to the core

The system corrupts  
Greed blinded good will  
No way out!

Failed system!  
Failed system!

Failed system!

Failed system!
