

Guided by Evil

Nervosa

Desire consumes you, blinds you, takes you off the line
But you go slowly cause all you do is lie
Every step taken, misfortune is your delight
Tormented by feelings, swallowed by quicksand

A gun to pretend
Badness is your nature
Suffering...

Guided by Evil
Guided by Evil
Guided by Evil
Guided by Evil

Weakness
Comes back in double
Weakness

Evil is patient, is waiting till the end
Revenge is a dish that is best served cold
Sadistic, malicious, the way to disrupt
Time wasted working hard to destroy

Manipulative mind
Inspired by deceit
Suffering...

Guided by Evil
Guided by Evil
Guided by Evil
Guided by Evil

Turns into falsehood, changing the perception
Make yourself victim, for reason to be yours
Karma never ends for who's Guided by Evil
You born with Karma, you'll die with Karma
