

Pursued by Judgement

Nervosa

The eyes that judge
The mouths that sentence
Fingers pointing to face
Screams of hate

Proof is gossip
What they overheard
They repeat and repeat

Pursued by judgement
Pursued by judgement
Pursued by judgement

Declared guilty
Until proven wrong

People revolt
Beating to death
Public lynching
Of an innocent

Someone to blame

They just want someone to punish

The Holy Saints of good example
Bigots and hypocrites
Amused when judging
Proof is gossip
What they overheard
They repeat and repeat

Pursued by judgement
Pursued by judgement
Pursued by judgement

Declared guilty
Until proven wrong

Insult to injury
There's no limit
Until proven wrong
All they need is
Someone to blame

Who among you is free from sin?

Declared guilty
Until proven wrong
