

Sacrifice

Nervosa

Standing at the crossroad of life
I took an oath, I cannot lie
When opportunity strikes
You have to decide

Certainty and doubt
Expectation
Frustration

Sacrifice
Every maze has a scape
Sacrifice
Never lose the faith

Waiting is wise
But don't wait too long
Or you are facing death

Sacrifice
Every maze has a scape
Sacrifice
Never lose the faith

You gotta take the risk
There's no way to pretend

Your fate is laid
In flesh and blood
Respect your will
Or crawl through the mud

A coward routine
Is a sign of failure
A warrior never gives up

Don't ever let them put you down
Do it your way

Sacrifice
Every maze has a scape
Sacrifice
Never lose the faith
Sacrifice
Every maze has a scape
Sacrifice
Never lose the faith
