

I can't stand to see  
You not leave with me  
Sophisticated native  
What's it gonna be

If you would like  
Someone to treat you right  
Just invite me  
Cause I don't mind  
If it's only for one night  
You excite me

Miss madam moselle can i compell you  
to tell me the cell digits, even better  
can i get a squiz at between where u hips at  
word is barry bonds, thats how long i'll hit that  
sit back heres a drink, sip that  
dont skull it and vomit on my louis vutton wallet  
yeah its fake hey, im ballin on a budget  
and u fallin for it like its warren buffet  
i love it, how ya dress and shoes match  
lets move to the back and remove all that  
ya all that, cant u tell i feel ya  
thats why im on the chase like lemon to tequilla  
im a thriller, like mike pre white skin  
a PYT, you remind of like when  
Nesian and PNC on the track  
you a hit baby girl, the greatest infact

In the words of 3000 "Sophisti-funk Aristocrat"  
Man sharpen up your act  
For such a lady comes along once in a blue moon  
And when you do I'm over the moon  
Don't mean to sing blues talking all that Jazz  
Straight up I like the fact you don't need to brag  
Or blow your own horn like pulling a louie  
You know pulling my Arm strong  
Isn't scared to let the curls loose  
Sweet coconut perfume with a smile that consumes the room

Infectious how I develop an interest in what ever your interest are  
Refreshing to find such a down to earth star  
Knows where she's from & yet where we are  
Proud to be that brown Nesian queen  
Making me feel free to be me S to the A B

Baby girl gotta let u know,  
You're just so beautiful  
Aint gotta be no video chick,  
No you don't  
From head to toe baby girl, you a hit

Like destiny child but around the way girl,  
The best I've seen in awhile her booty to her smile  
Somehow, She got me breaking all the rules,

Got me pulling out all the stops to get close to you (Don't understand),  
She beats the rest she be the best aint no contest,  
From her booty to her chest, So if you don't mind tonight we'll just ride to  
night, She say's fine and just smiles, I like it if your status aint hood sh  
e aint down, Others try to be her man, But she know I'm a around, Yeah!  
Coz I'm in need of a souljah girl,  
So won't cha girl,  
Be my 1 and only girl,  
Is it just me or you feeling what you see,  
Soon as I step on the scene,  
Looking so fresh so clean,  
Baby don't mind me,  
Mr J\*U\*N to the Z,  
Coz you're more than just a women to me
