

# keep me afraid

Nessa Barrett

I'm in the corner of your cage  
Mascara running down my face  
The door is open, but I'll stay  
You think you can keep me, keep me afraid

You're twisting screws inside my head  
I won't just lie down and play dead  
Take a good look at my face  
You think you can keep me

Scared to fall asleep at night  
When you're by my side  
I don't know why, it doesn't feel right  
Hide behind your poker face  
You do it every day  
I know you lie, so I fake a smile

'Cause in the end  
I know you'll get everything you gave

I'm in the corner of your cage  
Mascara running down my face  
The door is open, but I'll stay  
You think you can keep me, keep me afraid

You're twisting screws inside my head  
I won't just lie down and play dead  
Take a good look at my face  
You think you can keep me  
But I'm not afraid

Better hope and plead and pray  
I keep your secret safe  
You better run 'cause I got the gun  
I don't need receipts to show  
The things that we both know  
'Cause I got the scars to prove who you are

'Cause in the end  
I know you'll get everything you gave

I'm in the corner of your cage  
Mascara running down my face  
The door is open, but I'll stay  
You think you can keep me, keep me afraid

You're twisting screws inside my head  
I won't just lie down and play dead  
Take a good look at my face  
You think you can keep me  
But I'm not afraid
