

Ballerina (Interlude)

Nessly

(Roamin', roamin')
Roamin' out around midnight
Rollin' 'round on your block twice
Had to cut down the headlights
When we see each other it's on sight
Summer time, wildin' out, Nick Cannon style
Valedictorian, want this dick so bad got her panties down
Aspiring Vogue model, water bottle to wash this xanny down
Your daddy find out, I know he gon' run me out of town

Yeah, I got the view from downtown
Skip town with me if you down, down
Come do ballet in the grass field
Light don't pollute the night sky
I get naked, feel real right
Come ride around with me at midnight
Come and sip on my pink Sprite
Mwah, want your toe and that's in your pink tights

Little angel teach me your dances, dodgin' demons
She wan' be my lil ballerina
She wan' be my lil ballerina
She gon' be my lil ballerina (nigga)
