

Crying In Codeine

Nessly

I don't like the new red, hope I don't relax
I can't even sleep I cannot relax
I feel like fat joe, hope they really lean back
Lean back, real lean back
All I fuck with actavis
Praying for that actavis
How to put this dirty up?
All they got sierra mist, yeah
They ran out of sprite
Its gon' be one long night

Got me crying in codeine
Got me crying in codeine
Got me crying in codeine
Got me crying in codeine

I feel that lean in my heart
It just caught me off guard
It made it blurry in the dark
Now I don't trust myself to park
I got her mixing purple drink
And it altered all my dreams
Syrup coming out the seems
I'm mixing purple with the pink
Okay they praying for act, they praying for act
I pray that its real, that the deal still in the wrap
Hey, they praying for act, they praying for act
I pray that its real, that the deal still in the wrap

Now I'm crying in codeine, now I'm crying in codeine
Got me crying in codeine, got me crying in codeine
Yeah

Future the fusion my drink, cuban my link
I bring the gun up I think that you sus, and you wanna link
I thought I was never good and [?] put me right back on the drink
Hope I don't dirty my tea

Ima sit right when I cop me that maybach, cause I used to sit in the back of

My bitch told me to quit, now she don't come around as much

Now I'm crying in codeine, now I'm crying in codeine
Got me crying in codeine, got me crying in codeine
