Focus

Nessly

I never lost focus
I just made 5 thousand in a half hour and I'm not joking
Better ask, angel diamonds on my neck doing osmosis
New Tesla on pre-order
Had to tell all these broke promoters
I need all my money 'fore I leave Georgia
I'm out the country again
Had to finesse the conversion rate
Birkin bag full of bands
I look like I just did a burglary
I made two cups of the red
Right now I feel like I'm walking on Mercury
I cannot trust a new nigga
They wanna run off with the check and do surgery

I ain't losing focus, I ain't getting cozy
I know who my foes is, I know who my bros is
I know who my bros is, I know who my foes is
I ain't getting cozy, I ain't losing focus

She want my love, my wrists 15 hundred a piece
That's why I'm dissing, this shit been troubling me
Yeah, leech
I'd rather fuck up a check then give a furious speech
Paper make your favorite women pull off her purity ring
Rap game got me praying my children can sing
I'm way too focused on these bands, bitch I'm really in sync
Don't come with commas, then we don't got a reason to link
I see the face of the realest nigga above the sink

I ain't losing focus, I ain't getting cozy
I know who my foes is, I know who my bros is
I know who my bros is, I know who my foes is
I ain't getting cozy, I ain't losing focus

I never lost focus
I still dodge cobras and walk on roses
Real friends, bitch you ran off on my resource
In the city everybody soulless
In my brain it's raining during winter solstice

I ain't losing focus, I ain't getting cozy
I know who my foes is, I know who my bros is
I know who my bros is, I know who my foes is
I ain't getting cozy, I ain't losing focus
I ain't losing focus, I ain't getting cozy
I know who my foes is, I know who my bros is
I know who my bros is, I know who my foes is
I ain't getting cozy, I ain't losing focus
