

Lifevest

Nessly

Good morning Nessly
Ooh

I jump in the money with a lifevest, yeah
Fuck a bitch who speak a foreign dialect, yeah
Yeah, your baby never opened up my iMessage
I'm a scientist, I take that check and dissect

Baby, what the fuck you playin' with my feelings for?
You be in your bedroom on your phone like it's ouija board
I done told you why we cleanup, I don't see no me no more

I wonder why she don't reply but why the fuck she read it for
Fresh off a breakup, had to get my bank up
All these niggas bankrupt, my last bitch a A-cup
My new bitch a D-cup, codeine in my teacup
Buy 'em by the dozen, we hear they come cheaper
She ride that brazillian like she got [?]
Now to every civilian, I'm a late night lookin' creeper
And my bitch tiddies so big, she gon' stretch out all of my t-shirts
Like a successful bakery, all that cake all on her keister, yeah

Baby, what the fuck you playin' with my feelings for?
You be in your bedroom on your phone like it's ouija board
I done told you why we cleanup, I don't see no me no more

Okay, I lied
Baby, that's why

I jump in the money with a lifevest, yeah
Fuck a bitch who speak a foreign dialect, yeah
Yeah, your baby never opened up my iMessage
I'm a scientist, I take that check and dissect

Oh, yeah
What the fuck you really, really waiting for?
I jump in that Gucci, buy the whole store
Off-White jeans, feel like Virgil
Told you a lot of things, yeah, I ain't tryna hurt you
Know that you be hatin', I smoke purple
Make too much money, can't get trouble
Jump up in that pussy with no lifevest
Makin' money, swervin' with no license
Tired of all these lame niggas bitin'
Waitin' in line over [?]
I cannot lie, I wanna try
[?], your pussy fire
You cross the line, ten times five
Love when you ride, you too damn fire
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah

I jump in the money with a lifevest, yeah
Fuck a bitch who speak a foreign dialect, yeah
Yeah, your baby never opened up my iMessage
I'm a scientist, I take that check and dissect

Oh yeah
I just wanna know who you hit first
When it's all comin' down
When it's all comin' down
When it's all, yeah
When it's all comin' down
I just wanna know who you hit first
When it's all comin' down, yeah
When it's all comin' down
When it's all comin' down (down)
