

Link And Build

Nessly

Yeah!

Walked inside the terminal
I'm hand in hand with two barbies
Two hundred fifty thousand
Couldn't fit in kangaroo pockets
Louis scarf around my head
Wrapped like a punjabi
Got four bust down rings
I'm twins with my new Audi (yeah, hey!)
I've been buying all these coupes
You been using coupons
Fold the seats in the back seat
Of the bentayga turn to a futon
Private chef told him pull up to the crib
Turn the kitchen to a Ru-San
Call a contractor build a new garage
Just to fit the chocolate color Mulsanne
55 size duffle bag need a motorcade
Leaving Meril-Lynch
Whole gang to Cipriani
Left out with a whole hand of peppermints
Saint Laurent they lock the door behind me
When I come they treat me like the president
Got expensive linens all this demna denim
My Balenciaga look like Vetements

My left wrist abominable snowman
My chain got a choreography routine
Yours slow dance
Don't ask for a pic and say we working that's insulting
Better have your bankroll right before you post it!

Two asian girls bout to give me a massage
Japanese bih in the crib teaching karate
I'm on a jet smoking purple
I'm in Gwinett rocking Virgil
Watch who you got in your circle
Watch who you got in your circle
My life is movie yeah, gon get your popcorn
Been a hot minute Nessly yeah, but we got one
When you FaceTime bih I was in margiela
DM Rihanna that emoji umbrella
Mama love me I'm a hell of a fella
Dior fit, Rick Owens at Coachella
My bih yeah, lighter than a feather
Okay - Diamonds looking better
Let's get back to the cheddar

My left wrist abominable snowman
My chain got a choreography routine
Yours slow dance
Don't ask for a pic and say we working that's insulting
Better have your bankroll right before you post it!

Surgical mask in Japan when we land
Cause the air too thick

Fuck the gram prove it person
Cause everyone swear they lit
Your ice is not biting
You pull the exposure down for every picture
Every death threat that I get
You better seal with a kiss
The spirit of ecstasy disappear
Every single time I turn the car off
Thousand fans in the lobby
I posted a story inside the Waldorf
Whole fucking gang hop in the sprinter
We got enough money to shut down Bergdorf
And I made her take all the money
From her eyelash business to pay for my loft

My left wrist abominable snowman
My chain got a choreography routine
Yours slow dance
Don't ask for a pic and say we working that's insulting
Better have your bankroll right before you post it!
