I got high expectations for my broad  
High expectations for my squad  
Lost, that's my location  
I'm posted out on Mars with your baby momma skatin  
Countin up this money like a fucking cash vendor  
Iron heart drunk from the future call me Bender  
There will never be another me a contender  
Red Corvette in berets taking photos  
This girl with me gone plus she booshie say she would trade it for a Tahoe  
I'm loaded like a semi-automatic knight SR clip  
All chromed out I in pail you with the bayonet  
Snitches they like counter fit  
They don't even count for shit  
Glitchen with the motives maybe you just need a reset  
Get a new connection cause the IP been stressin  
Imported portions, important postage  
Success is a little setting  
Prestige only comes with the pressure  
I endeavor, never leverage  
I got all my own shit and I'm better  
Take it all away and I still got my melon  
We still got each other  
We're in this through the weather

Where you at?  
I'll go, I'll come, how far?  
Where you at? Why? Why? How come?  
Why he's not there?  
I'll be there  
I'll wait if he's there

I can tell you're fake by your hand shake  
I can tell you a snake just by your face  
All you tell is lies I would never compromise  
In the ghetto everybody tryna ride  
Indica the boy  
Got the labels tryna sign  
Look at the way that I drip drip  
That's a slip slide  
You are not a real friend  
Let me tell you why  
I ain't heard from you  
In like a long, long time

Jacob here with the boy  
Independent, not signed  
Everybody they drip drip  
In your city I slide

You are not a real friend  
Let me tell you why  
I ain't heard from you  
In like a long, long time

Like a long, long time  
Like a long, long time

Where you at?  
I'll go, I'll come, how far?  
Where you at? Why? Why? How come?  
Why he's not there?  
I'll be there  
I'll wait if he's there
