Nessly

They was talkin', they was sayin', I was prayin'
They was talkin', I was payin'
All my dues, yeah, look at you, yeah
Take one look at me, you see how you should act
Take one look at me and take all that shit back
Now look at you, now look at you
Yah, yah, yah, yah, yah

I won't take no bullshit, bitch, it's 2016
You gon' pay me for that feature
I don't want your fuckin' friendship
I ain't never ask for favors so I never do no favors
I was plottin' way back when my dad used to live in Decatur
I'ma need a hunnid million and a front page of The Fader
Look at how those tables turned
You waitin' tables while I'm countin' paper
I ain't really fuck with them niggas back in high school
Don't go tell your kids that we was friends in fuckin' high school
Bitch, I wasn't your type, cool, now my hunnids, tight, blue
Now whenever you DM me, I'm not gonna type you
Shit, I'm probably lyin', I would slide through for that top, ayy

Michael Jordan, how I'm ballin', Michael Jackson with my moves
I was talkin' 'bout my plays, they say I'm walkin' on the moon
He braggin', say he did, say he came in with a silver spoon
Deserve a mansion
How I used to crash in different livin' rooms (yah)

They was talkin', they was sayin' (sayin')
I was prayin' (I was prayin')
They was talkin', I was payin' (yuh)
All my dues, yeah (all my dues, all my dues)
Look at you, yeah (take a look)
Take one look at me, you see how you should act (yuh)
Take one look at me and take all that shit back (ayy, look)
Now look at you, now look at you (yah)
Yah, yah, yah, yah, yah

Yeah, I feel entitled, bitch, don't throw me in no coach class
Niggas rappin' 'bout that Goyard, their girls in Coach bags
They say I spot that money, I got that and the most swag
Had to VVS, my Jesus, praises to the most high
My shooter in that burgundy but he don't rep' no Roll Tide
When we out in Cali, drive that Lambo' like a low rider
Fuck an opp, tryna stop us, we gon' pop 'em like Flo Rida
And my shooter always with me in that foreign like a co-pilot
Better not try him, hothead like Ghost Rider
Niggas steal my raps so much, I should've been a ghostwriter
Nigga saw you scopin' like colloidal, almost died
Almost got dementia, I just pulled like 20 all-nighters
Let me say somethin' for the hoes that just don't know
You was gettin' played by my bro, I was gettin' plays on OVO
She take off her open toes then ride me like a rodeo
I know a simple ho will buss' it, thinkin' that she finna glo

They was talkin', they was sayin' (sayin')
I was prayin' (I was prayin')

They was talkin', I was payin' (yuh)
All my dues, yeah (all my dues, all my dues)
Look at you, yeah (take a look)
Take one look at me, you see how you should act (yuh)
Take one look at me and take all that shit back (ayy, look)
Now look at you, now look at you (yah)
Yah, yah, yah, yah, yah
