

Love You More

Nessly

Yeah, nah
Neighbors ask us turn it up (yeah)
Yeah

I-I love you more than you love me (you)
I love me m-more than you love me
I love you more than you love me (me, me, me)
I love me more than you love me

'Cause I'm so ugly
You-you're so pretty
In-in my feelings
Insecurities
'Cause I'm so ugly
You're so pretty, pretty
In my feelings
Got too many, many

I bought my diamonds just to test a theory (theory)
She said she love me now I'm deaf of hearing
I love her face and her shape like I'm Ed Sheeran
I'm sorry if I hesitate, baby, I'm just weird
Fifty thousand to bust down a presidential
I don't believe in coincidences
These bitches like Floyd when he come out of retirement
Why she choose not to hit me?
If, if she want fuck it's my year
I'm a conspiracy theorist
And my leopard from Siberia
She want a scammer, Nigeria, yeah

I love you more than you l-love me (you)
I love me m-more than you love me
I love you more than you love me (me, me, me)
I love me more than you love me

'Cause I'm so ugly
You-you're so pretty
In-in my feelings
Insecurities
'Cause I'm so ugly
You're so pretty, pretty
In my feelings
Got too many, many

Twenty [?] we met
Bitches swear they Juliet
I fell in love with her neck
It made me Astral project
I know these bitches not shy
If she reply, I treat her right
Post a picture with a hundred-thousand cash
That shit work every single time
I'm on the gram too late
I throw them bands, they Bape
If she try to reach for my racks
I gotta get that lil bitch amputated

Hard to distinguish the difference between
All the bitches they come on like satan

They be sacrificing love for some fame

(I left her on seen, she got too excited
I don't want to talk to her like a Uber-driver)
Switch it up, yiha
Love me a little then leave me for dead
Just as you planned it out inside your head
Not a lot these days, I don't expect
If I need your relations, I need your donations
Partial evil ways of calling human nature
Take advantage of my ignorance
Take advantage of my love
V's on my body, remember me
Take advantage if you must (yeah)
Every single one I loved (ay)
Seems to vanish into dust (ay)
They watch me panic on the cusp
When is enough enough?

I love you more than you l-love me (you)
I love me m-more than you love me
I love you more than you love me (me, me, me)
I love me more than you love me

'Cause I'm so ugly
You-you're so pretty
In-in my feelings
Insecurities
'Cause I'm so ugly
You're so pretty, pretty
In my feelings
Got too many, many
