

Not My Lover

Nessly

I came from crib hoppin', now I'm crib shoppin'
You said I'm dissin' shit like this don't happen this often
I found a way to run my check up, I ain't run out of options
Codeine protein shake, my pockets still on cheesecake, yeah
They don't know how it feel, I'ma work a bitch for real
I'ma go out with my whole gang, make the bitch grab the bill
Eww, eww, I don't love her not a lil
She tryna run up in my Snapchat so she can go and screenshot a still
My main thing stalk my page every day, girl don't get me killed
I go bang bang, bang bang bang, I'ma check every single bill
In the bathtub my age, two years countin' out a hundred mil
Can't take my chain off, all these bitches tryna tell me to chill
I am a skeptic, I will not take off my necklace
Are you a klepto? Are you a psycho?
I'm way too low on my trust
We ride the bus, keep the choppers like bike shows
Bitch I'm too beautiful, I am the prettiest
Walking on glitter like Michael

I been down for so long, she looking for a comeup
I had to tell lil baby she is not my lover
Pull off my jeans, sprung a leak on her titties, no rubber
She is not my lover, she is not my lover
I been down for so long, she looking for a comeup
I had to tell lil baby she is not my lover
Pull off my jeans, sprung a leak on her titties, no rubber
She is not my lover, she is not my lover

Ah-hee-hee
On that lean, I am seeing 3D
I ran my check up, Nike sponsorship for the whole track team
I fuck a vegan bitch, she pop a Percocet like flax seed
I sip it from the bottle, I don't care if it tastes nasty

I got too many hoes, I can't choose one, yeah
Young nigga froze I got all these jewels on
I'm in the strip club throwin' racks when I hear my song, ooh
Drinkin' that Akon, need a shoulder to lean on, yeah
Flexin' with racks on, niggas won't stay off me, I'm on
Shawty bad to the bone, she put my number in your phone
Tell that girl that baby ain't mine, she act like Billie Jean
Tell her stack it in her, now she addicted like crack fiend

I been down for so long, she looking for a comeup
I had to tell lil baby she is not my lover
Pull off my jeans, sprung a leak on her titties, no rubber
She is not my lover, she is not my lover
