

Sedated

Nessly

Can't fight these voices in my head
I guess I'd rather stay sedated
Asleep until the end

I am fucking lazy
I just wanna stay sedated
Happy when I'm faded
Laughing while the world keeps going fucking crazy

I just wanna stay sedated
Laughing while the world keeps going fucking crazy
I just wanna stay sedated
Laughing while the world keeps going fucking crazy

And this drink taste like love [?]
My girl hot but my diamonds really freeze
Too late if you miss me by a minute
Good play [?]
Next time you wanna see me baby, you gotta buy a ticket
[?] by a minute
You get this type of money, they gon' claim you a reptilian

I am fucking lazy
I just wanna stay sedated
Happy when I'm faded
Laughing while the world keeps going fucking crazy

I just wanna stay sedated
Laughing while the world keeps going fucking crazy
I just wanna stay sedated
I just wanna stay sedated
