

Sidewinder

Nessly

I'm in the Bentley having brainstorm
I can't stay long
Just wanna say "hey mom"
Innocent face on
My bitch underdressed in the cold
And gotta stay warm
Rich as a bitch she ain't gotta sell Avon
Credit card Akon
Turn the autotune down I rap like I'm Raekwon
Flaked on a model bitch
She ain't bring shit to the table
Except for elbows
Face on ten, bank account on hell no

I took the summer off
Gave them a running start
And this a Moncler, ay
Not a London Fog, ay

Being one of one is just a fun statistic
Hundred bitches falling like London Bridges
Press the penthouse button if you
Want to come and visit

The circumference will never change
The circle the same
Umbrella came with the rolls
I lurk through the rain
The Birkin cost more than Corolla
The purse in her name

I'm eating snacks in the bed
Scratching her head
Don't be asking for bread
I left the last one on read
The best rapper with his hair dyed
I'm airing my shit out
I sit down in the maybach seat and sink
Like Get Out
My domestic shows cost his international rate
I got one at home
I got one with international plates
The Ferrari fraternal twins
Left side steering wheel
One on the right side
Me and KP in LA
Lobster pizza out from Nice Guy
Lost all respect for his girl
When he saw her phone auto connect to the Wi-Fi
Vintage Margiela no sci-fi
Traded my Pappadeaux hoes
For my hood bitches who like to eat Popeyes

You niggas singer soft
Ay, ay singer soft
Hate her ring so much
She almost ripped her finger off

And she want a new ring
Since she been with me
Pop him, Imma gift you a Ghibli
Have you living in Sicily

Mob ties, mob ties
Now I'm in your top 5
Used to write rhymes off the i5
Now it's out the top
Give me top when we lo
Ck eyes
Lip gloss smear and the eyeliner
Suck it when we whipping through the sidewinder
Panamera used to be a Pathfinder
