

Firesign

Nestor

Nowhere to run
You don't know how it feels
Nowhere to hide
I can't seem to find my way out

Tell me I belong to you
Tell me that we'll make it through
Nothing you can say or do
Can make me change my mind

Firesign
Say that you remember
Firesign
There's nothing we can do
Firesign
See the blood-red sky
The walls are coming down
Just tell me what to do
Firesign

Under the sun
Still I'm out in the cold
Light up the sky
And leave our demons alone

Every time I look at you
I see a mess I can't undo
All I know
Is that it cuts me like a knife

Firesign
Say that you remember
Firesign
There's nothing we can do
Firesign
See the blood-red sky
The walls are coming down
Just tell me what to do
Firesign
Oh, yeah

When the moon is out of sight
And Jupiter with Mars
All the bounds with Scorpio
Will turn and make us suffer to our hearts
A story that is written in the stars

Firesign
Say that you remember
Firesign
There's nothing I can do
Firesign
See the blood-red sky
The walls are coming down
Just tell me what to do
Firesign

As a result of the outbreak
The city or entire region may be endangered by a lethal agent
The division at your location
