

# Broken

Netsky

(Love don't live here anymore  
Love don't live here anymore)

You forgot your halo on the floor  
I guess you're not my angel anymore  
Hell and heaven always go to war  
Tell me what we're even fighting for

I know you're gonna leave me broken  
I know you wanna tear me open  
Show me all the cards you're holding, I'm folding now  
I know you're gonna leave me broken  
You always try to tear me open  
I'm cold but your heart is frozen, frozen now

If you gonna leave then just leave  
If you gonna go then just go  
Love don't live here anymore  
Love don't live here anymore

If you gonna leave then just leave  
If you gonna go then just go  
Love don't live here anymore  
Love don't live here anymore

Love don't live here anymore  
Love don't live here anymore  
Love don't live here anymore  
Love don't live here anymore

I know you're gonna leave me broken  
I know you wanna tear me open  
Show me all the cards you're holding, I'm folding now  
I know you're gonna leave me broken  
You always try to tear me open  
I'm cold but your heart is frozen, frozen now

If you gonna leave then just leave  
If you gonna go then just go  
Love don't live here anymore  
Love don't live here anymore

If you gonna leave then just leave  
If you gonna go then just go  
Love don't live here anymore  
Love don't live here anymore

Love don't live here anymore  
Love don't live here anymore  
Love don't live here anymore  
Love don't live here anymore

If you gonna leave then just leave  
If you gonna go then just go  
Love don't live here anymore  
Love don't live here anymore

If you gonna leave then just leave  
If you gonna go then just go  
Love don't live here anymore  
Love don't live here anymore
