

# Complicated

Netsky

Why do you gotta overcomplicate it  
I try to never have to feel this way  
But every time I try to walk away  
You got to promise me to love me, love me better  
Why do you gotta overcomplicate it  
I try to never have to feel this way  
But every time I try to walk away  
You got to promise me to love me, love me better

Why do you gotta overcomplicate it  
Why do you gotta overcomplicate it  
Why do you gotta overcomplicate it  
Why do you gotta overcomplicate it  
Why do you gotta overcomplicate it

I try to never have to feel this way  
But every time I try to walk away  
You got to promise me to love me, love me better  
Why do you gotta overcomplicate it  
I try to never have to feel this way  
But every time I try to walk away  
You got to promise me to love me, love me better

Why do you gotta overcomplicate it  
I try to never have to feel this way  
But every time I try to walk away  
You got to promise me to love me, love me better

Love me, love me, better  
Love me, love me, better  
Love me, love me, better  
Love me, love me, better  
Love me, love me, better  
Love me, love me, better  
Love me, love me, better  
Love me, love me, better  
Love me, love me, better  
Love me, love me, better  
Love me, love me, better  
Love me, love me, better  
Love me, love me, better  
Love me, love me, better  
Love me, love me, better  
Love me, love me, better  
Love me, love me, better  
Love me, love me, better

Why do you gotta overcomplicate it  
I try to never have to feel this way  
But every time I try to walk away  
You got to promise me to love me, love me better  
Why do you gotta overcomplicate it  
I try to never have to feel this way  
But every time I try to walk away  
You got to promise me to love me, love me better
