

Higher

Netsky

Can we light it up tonight and take a flight, you and I?
And the higher that we climb will be the brighter we shine
Can we light it up tonight and take a flight, you and I?
And the higher that we climb will be the brighter we shine
Can we light it up tonight and take a flight, you and I?
(You and I, you and I, you and I, you and I)
And the higher that we climb will be the brighter we shine
(Wanna get higher, higher, higher, higher, hi-higher, higher)
Can we light it up tonight and take a flight, you and I?
(You and I, you and I, you and I, you and I)
And the higher that we climb will be the brighter we shine
(Wanna get higher, higher, higher, higher, hi-higher, higher)
Let's get higher, higher, higher, higher, hi-higher, higher
Wanna get higher, higher, higher, higher, hi-higher, higher
Hi-higher, higher, hi-higher, higher, hi-higher, higher
Hi-higher, higher, hi-higher, higher, hi-higher, higher, hi-
Wanna get)

(Wanna get higher, higher
Wanna get higher, higher
Wanna get higher, higher
Wanna get higher, higher)

I feel so good right here
You're so enticing
My troubles fade into irrelevance
When you're with me, cause your touch is medicine

Can we light it up tonight and take a flight, you and I?
(Wanna get higher, higher, higher, higher, hi-higher, higher)
And the higher that we climb will be the brighter we shine
(Wanna get higher, higher, higher, higher, hi-higher, higher)
Can we light it up tonight and take a flight, you and I?
(Wanna get higher, higher, higher, higher, hi-higher, higher)
Hi-higher, higher, hi-higher, higher, hi-higher, higher
Hi-higher, higher, hi-higher, higher, hi-higher, higher, hi-
Wanna get)

(Wanna get higher, higher
Wanna get higher, higher
Wanna get higher, higher
Wanna get higher, higher)
