

## Voodoo Magic

Netsky

You see me try, try, try  
Don't say bye, bye, bye  
You're asking why, why, why  
Do you need me, do you need me

You see me try, try, try  
Don't say bye, bye, bye  
You're asking why, why, why  
'Cause I need you, 'cause I need you

I don't know, I wish I did  
You got me under some voodoo magic  
Call the doctor, call the shrink  
You got me under some voodoo magic  
You got me under some voodoo magic

You see me try, try, try  
Don't say bye, bye, bye  
You're asking why, why, why  
'Cause I need you, 'cause I need you

You see me try, try, try  
Don't say bye, bye, bye  
You're asking why, why, why  
'Cause I need you, 'cause I need you

You got me under some voodoo magic
