

Without You

Netsky

There's no way that I could go through
All the things I'm going through right now without you
There's no way that I could go through
All the things I'm going through right now without you

I can't, I can't, I can't, I can't
I can't do it without ya

I need somebody
To love me the way you used to do
I need somebody
To love me the way you used to do

There's no way that I could go through
All the things I'm going through right now without you
There's no way that I could go through
All the things I'm going through right now without you
