

CEO

Netta

I'm a motherfucking CEO (I'm gon' get no no)
I rise higher when they hit me low (I'm gon' get no no)
And I got this presidential glow (I'm gon' get no no)
Don't you know I run this show?
Don't you know I run this show?

Why?
Why, baby, why you cry?
I can see how bad you wanna touch the sky
Wipe off your tears and try
Come join the tribe
We get what we desire
I'ma move a mountain only with my mind
I'll huff and I'll puff till it's mine

Hey you
Do you think you got game? You
Nunchackin' like Bruce Lee
Better write this down, 978-978-9 Inc
Gonna make you brand new
Come closer, boy
Bolepo bolepo bolepo bo
Bolepo bolepo bo

Don't you know I run this show?

You can't touch me
Get your funky fingers off me
I got business
I got no time for mushy-mushy
Try
Try make the sacrifice
I'ma get you higher than the enterprise
Get up there and pick up your prize

And you
