

Beach leak

Nettspend

(EVILGIANE)

Go, go, go, go

Drugs in my drink, I fell asleep
And they love what they see, but you ain't close to me, mm
SURF GANG at the beach, so much weed, I broke the leaf
I'm O.T.O.D. off the opiates, I swear I get too geeked
Make me, make me, make me leave
So sad that this bitch a treesh
I double up the loose leaf and I can't even feel the weed
I feel like Future, but Gen Z
Put some molly in them teeth
Baby, tell me what you need
You might be fucked up, but not like me (Fuck)

Me, me, me, three, three, two, three (Three, two, ay)
Date night, why I low-key fell asleep?
And my brother said this shit ain't no jealousy, they just envy
me
