

## Out The Whip

Nettspend

Can you water me, I'm running out of stamina  
Can't put my legs down, you know how I stand up  
I don't wanna beg  
I don't wanna make you feel strange  
I don't wanna turn into strangers  
Turn into stranger  
I don't wanna turn into strangers  
I don't wanna turn into strangers

I don't wanna hurt this way  
So I guess I gotta learn the game  
Cover up my name in dirt  
It's okay, cover my face when you flirt with me  
Babe, name you call me at a work time  
I don't wanna call, I don't wanna facetime  
I don't wanna keep it back and forth, it's waste time  
I don't know all that you had, it's still for me, I'm tryna find  
I'm draggin' my body across the floor, baby I'm tryna find

Can you water me, I'm running out of stamina  
Can't put my legs down, you know how I stand up  
I don't wanna beg  
I don't wanna make you feel strange  
I don't wanna turn into strangers  
Turn into stranger

Yeah, I don't wanna turn into fucking strangers  
Got a stick and I'm shooting out the-  
G-lock and this bitch got a laser  
I just want to love her not hate her  
And I'm shooting out the whip, out the whip  
You can try to duck shots, I'm an aimer  
Bad hoe suck the dick like I'm famous  
Tell [?] really fuckin' famous  
Like John Cena, I can't really see, na

Got a stick and I'm shooting at a stranger  
Bad bitch suck the dick like I'm famous  
Bad bitch suck the dick like she know me  
But I don't fuckin know her  
Now I'm shooting out the whip like a stranger
