Fearless

Neurosonic

A little too late is just a little too long
Everything after means nothing at all
You waited too long to tell me
You never really knew me at all

Fearless, I wait here on my own

I'm hopeless, I'm tragic,
I'm broken, I'm frantic.
You're ruthless, you're manic.
I need you like...sadness

A little bit more is never nearly enough
If love is gone, then it never was
It took me too long to figure it out all by myself
Fearless I wait here on my own

I'm jaded, I'm jealous
I'm weakness, I'm sadness
You're fearless, ferocious
Without you, I'm...happiness

I won't sit here and wait for you to do me harm.
I guess that it's too late...
Now I'll be on my way.

Frustrated!

I'm jaded, I'm jealous
I'm weakness, I'm sadness
You're fearless, ferocious
Without you I'm...
Hopeless, tragic
Broken, frantic
Happiness, manic
I need you like sadness

I'm wasted, I hate it
Frustrated, frustrated
I'm worthless, you're perfect
I'm so complicated...
